MODERNIZE & OPTIMIZE
YOUR LABEL BUSINESS

A LABEL PLATFORM WITH A
ROADMAP TO GROWTH

MA MARK ANDY

PRO SERIES

A Uniquely Affordable Label Production Tool that can Reduce Time and Material Waste

A new class of fully servo presses from Mark Andy, PRO Series is designed to attack throughput with exceptional time and waste savings and drive profitability for short-run label work. A flexo workflow that can compete in the digital space.

PRO Series embraces award-winning attributes of the Mark Andy Performance Series with economics in mind.

This fully servo-driven, CE certified press is enhanced specifically for pressure sensitive labels, offering full automation and greater job control compared to mechanical presses.

Benefits of PRO Series

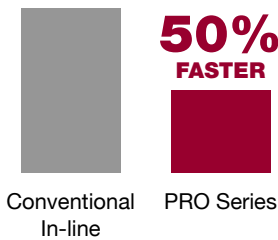

Optimized and highly efficient platform

- Affordable capital investment

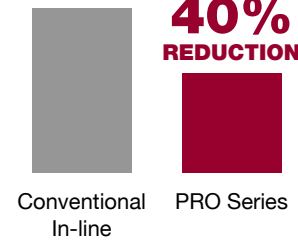

Replace older, less productive equipment

- Drive waste reductions and higher throughput
- One PRO Series can replace two older mechanical presses
- Easy operation = easy training and consistent output

Changeover Time

Material Waste

Better registration and consistent print quality

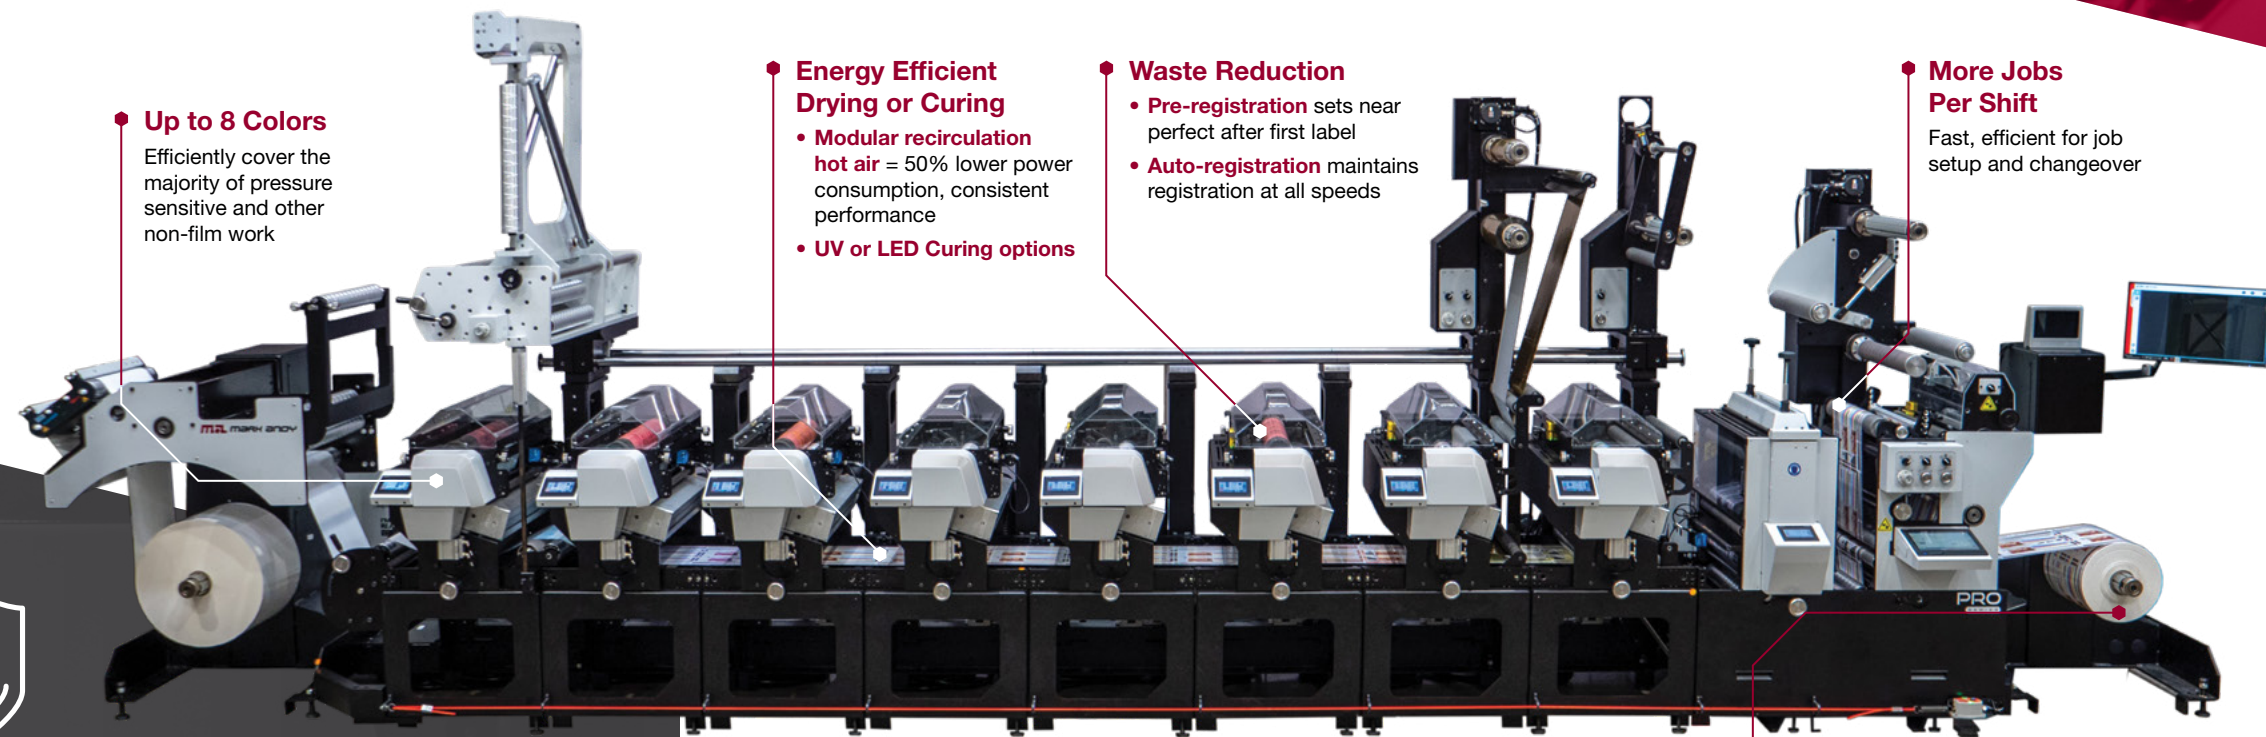

- Faster throughput for faster deliveries

Upgradeable to Optimize Pressroom Workflows

- Left to Right or Right to Left web directions
- Start with fewer stations and upgrade to 8 over time
- Flexible value-added tools such as lamination, cold foil, and more...

MODULAR DESIGN allows for **FUTURE ADAPTABILITY**

Up to 8 Colors
Efficiently cover the majority of pressure sensitive and other non-film work

Energy Efficient Drying or Curing

- Modular recirculation hot air = 50% lower power consumption, consistent performance
- UV or LED Curing options

Waste Reduction

- Pre-registration sets near perfect after first label
- Auto-registration maintains registration at all speeds

More Jobs Per Shift
Fast, efficient for job setup and changeover

New Modern Platform

- **NEW** Class of fully servo-driven, CE Certified presses
- **Easy** for Operators, regardless of skill level
- **Energy Saving** features
- **Connected** – supported with Mark Andy sMArt link
- **Quick Setup & Changeover**
- **Low Waste**

Integrate Digital into the **PRO Series platform** to create a Flexo-Hybrid Print solution

DIGITAL PRO MAX

Environmentally Friendly

- **Sustainable** with considerably lowered power usage
- **Reduce material and ink waste** going into landfills
